NEW OIL COMPANY'S WORK.

Preparing to Develop Big Fields in Creak Lountry.

There was filed in the office of the secretary of the territory today artieles of incorporation of the Newspaper Men's Oil Company, with its principal place of business at Oklaho. ma City, tallahoma territory, and branch office at Red Fock, I. T., where its properties are located. This company is capitalized at one hundred thousand dollars divided into one thousand pharm of one hundred dol. lars each, fully paid and non-assess. able, and it will begin the drilling of a well on its property at Red Fork in -Law. the great oil and gas field of the Creek nation at once.

This company owns by warranty deed a plot of ground seventy by seventy five feet in block sixte a in the townsite of Red Fork, Creek nation, L To which is the same block in which has been bored the famous Illinotus oil and gas well, which when completed a few weeks ago threw a one hundred feet, and is said to be the greatest well yet discovered in the Creek and Indian territories and is located within less than two hundred feet from the land belonging to the livery, Newspeper Men's Oil company. The that a number of the leading newspaper men of the Oklahoma and In. dian territories, have united with capstallar, who are interested in the Red Pork field, in the drilling of this well to the oil and gas, cement, lime, coal, Is read below.

Red Fork, Creek nation, Indian terrifacy is an incorporated village to fifteen miles from Oklahoma City, ris; Heed, St. Louis. northeast, and it has more natural advantages than any town site that has ever been located in either of the an oil and gas field which is being rapidly developed, there now being elight producing oil and gas well; on this townsite, all located within the corn market of Kay county. past year and more are being drilled. All of these wells are producers.

for the Red Fork field, we'ls have gregate \$2,000,000 or more. been mak to a six hundred feet level, and to a fourteen hundred feat level and at both of these levels oil and gas the necessity of a Commercial clubhave been discovered in great quan, in that city, Hiles and experts state that there is will a lower level at about twenty one have already been designated the ate. wells that have been delied are coth guthers, to called, i. e., flowing wells Lawton lays claim to being the The off is or a very high quality of it. States luminating petroleum and now comon the tracks at Red Fork.

Various tests of the libuminating qualiti a of this oil have been made and the analysis show that it is sixty. Chief Junite Burford was in the five per cent illuminating, and the relief between train yesterday - Kingmainder is between a heavy and light dabor Reformer. Inheleast. The presure of gas in all there wells is exceedingly strong, so Dr. Sporr ! Strond, shot at a flying much so in fact that the entire town, squirre; and pur seventy five shot alte of Red Fork is lighted and heate! into the face of W. H. Craig. The from a pace of the flow from one well, squirzel excaped injury.

The Indianola well, brought in a and is thirteen hundred and fifty feet Guth is. dsep. The Red Fork Oil and Gas company well No. 1, bored to the fl at Estler than these wells.
